Great opportunity for a handy homebuyer to update and add your personal touches to this easy living ranch home with Hudson River views from its hillside perch. Hardwood floors (except Kitchen & Baths). Long driveway will fit 2-3 cars. The Entry Hall with a closet leads into the sunlit LR with a wood-burning Fireplace boasting beautiful white brick surround & a large bow window. Open flow into the Dining Room with River views. The Eat-in-Kitchen has a door to a rear Deck--views from this area as well. Three Bedrooms, a full hall bath plus 1/2 bath in the Primary BR & two hall linen closets complete this level. The finished basement has a laundry closet, mechanicals & storage (shelves included), and door out with steps down to the yard. It offers two rooms: a huge Play/Recreation Room plus an office or guest room, and a full bathroom. Note: The Property Card states two full baths but there are 2 1/2 baths which are all original. Property card does state there is a partial basement and total of 7 rooms (which would include two basement rooms), but basement SF is not included in total SF. See Floor plan attached. Easy access to shops, restaurants, public transportation and parks. Great opportunity for an investor or a buyer looking for a fixer-upper at an affordable price.
