4 Bedroom, 3.00 Bathroom, 3,000 sqft

Residential on 0.29 Acres

Forest View, Peekskill, NY

This beautiful, three level hillside home was remodeled from top to bottom in 2023 and is now virtually new construction. On a quiet, non-thru street just a few minutes' drive to downtown Peekskill in one direction, and a few minutes to the Cortlandt Town center in the other, it's perfectly situated for convenience. Park in the large driveway or two car garage with extra space. From here, you can step right into the foyer of the home. Inside, you will find the soaring eighteen-foot ceilings of the living room, where natural light spills over into the adjacent dining room. To your left, the convenient half bath. To your right, stairs up and down. Ahead, past the expansive living and dining area, find the chef's kitchen and open family room, centered around a gas fireplace - perfect for chilly winter days. This flexible space could also be used as a dining room. The open kitchen has abundant granite counter space, new stainless appliances, a double oven, and bonus storage space. Sliding doors lead out to the large deck, which spans the entire back of the home. Traveling upstairs, you will find the primary bedroom, with cathedral ceilings and a spa-like bathroom that has separate vanities and sinks, a glass shower and jetted tub. There is also a large walk-in closet already set up to store all of your clothing. Down the hallway are three large bedrooms and a, say it with me, newly remodeled hall bath, with tub and tiled shower. Also on this level is a convenient laundry room. Traveling back down the stairs, to the

lowest level, find an enormous den/office/bonus family room with sliders out to a patio. There is extra storage down here as well. Out, past the patio, is the backyard. Flanked by woods with both grassy areas, the patio and the deck, this is a great spot for entertaining. All of this, just minutes from restaurants, shops, and the train to NYC? Stop by to see all that this has to offer!
