Architectural Gem in the Heart of Bronxville!
One of Bronxville Village's™ true treasures, 6 Sunset Avenue is a stunning residence designed by renowned architect William Bates's™ one of his earliest commissions in the area. Ideally located in the coveted Hilltop neighborhood, the home is just steps from the Village, train, and school, with sweeping sunset views from multiple terraces and rooms facing south and west.

Thoughtfully expanded and fully renovated, the home beautifully blends period charm with contemporary updates. Original details like octagonal rooms, custom mill work, built-ins, and window seats add timeless character while thoughtful renovations deliver modern comfort and flow. The heart of the home's™ a chef's™ kitchen, dining area, and family room with fireplace's™ opens through French doors to a spectacular dining terrace with skyline views of Manhattan.

A second terrace off the family room offers a more relaxed setting, with easy access to the flat yard's™ perfect for a swing set, outdoor play or gatherings. A mudroom and powder room complete the first level.

Upstairs, the primary suite impresses with a fireplace, Juliet balcony, large walk-in closet, and spa-like bath with soaking tub, radiant floors, water closet and double vanity. Three additional bedrooms, including one with an

en-suite bath, plus a full hall bath and laundry complete the second level. The top floor offers another bedroom with access to a rooftop terrace and a full bath, an octagonal office nook, and bonus space for hobbies or study.

The above-grade lower level features a spacious media room with French doors to a third terrace—perfect for entertaining or cozy nights by the fire pit. Landscape and hardscape was designed by Richard Hartlage, the renowned landscape architect who designed the Brooklyn Botanical Gardens. A one-car heated garage and heated storage space complete this exceptional home.
