Residential on 0.35 Acres

N/A, Newburgh, NY

326 N Montgomery St is an exceptionally rare opportunity - a chance to live everyday like a getaway with gorgeous, calming views of the Hudson River in your very own yard. This charming antique Foursquare is one of the coveted few in Newburgh with truly unobstructed views, situated riverside on one of the most beloved streets in the city that's just minutes to Beacon or downtown Newburgh and less than 1.5 hr to NYC. Words cannot properly describe the feeling of living so close to the water: watching the technicolor sunrises over Mt. Beacon, the multitude of rainbows that form during summer storms, the twinkle of the bridge's lights at night, and ever-changing seasonal views that are endlessly beautiful. With a second story deck off of the main bedroom, three-season sun room, spacious back deck, and graciously oversized enclosed backyard, the property offers so many ways to enjoy. Lovingly restored and designed as a modern home that honors its historic character, its features also include original hardwood floors throughout, a cozy window seat, en suite bathroom with rainfall shower, central air conditioning and discreet solar panels on the roof. The easy, open flow of the space lends to the peaceful feeling of the house, with views of the river from every room downstairs. The Hudson is truly a part of this home - it's a privilege that never grows old and will never fail to leave your guests marveling.
