The Brooke Club, Ossining, NY

Absolutely stunning, three-story townhouse in the beautiful single family home development, The Brooke Club. This home has been updated throughout, with all of the amenities needed to live comfortably, entertain family and friends, and enjoy your time away from stresses and work! High end stainless steel appliances in the kitchen, oversized washer and dryer in the private laundry room, gorgeous hardwood floors throughout, TWO decks with private views, and cathedral ceilings and walls with huge windows providing TONS of sunlight are just the beginning. The owners have also painted the entire home, updated the heating/cooling system to NEST thermostats, updated the wood burning fireplace, and fashioned the upstairs loft area into a third bedroom area. One of the biggest Brooke Club units allows SO much flexibility...These owners have converted the dining area into a family area, but there is room for living/family/dining areas in both the main and lower levels. In fact, the lower level is so large, it could include all of the above, as well as a place to work out. Finally, the bonus basement down from the lower level has more storage available than most attics! The pool, clubhouse, and exercise room are under construction, and will be better than ever when completed. Taxes with STAR discount could be reduced to \$12,559.
