Welcome to this timeless 1912 Village Four-Square, perfectly perched on a serene hill in the heart of Ossining's Village. This classic stucco home combines original charm with thoughtful modern updates, offering a unique blend of character and convenience. Having been lovingly cared for by only three families, the home features exquisite original chestnut wood moldings, custom cabinetry, original radiators, and offers abundant natural light throughout.

Step outside to discover a professionally designed backyard sanctuary. Recently fenced and featuring a new stone patio with a surrounding seat wall, this garden is a haven for birds and beneficial wildlife. An engineered stormwater drainage system and carefully selected plantings, including flowering dogwoods, redbud, irises, geraniums, and native magnolias, ensures seasonal interest and pollinator support. Landscape lighting and a Hydrowise smart irrigation system make garden care effortless.

Inside, the home offers three bedrooms, with the third bedroom connected to the primary suite – ideal for a nursery, office, or sitting room with stunning Hudson-facing views. A staircase from this space leads to an easily accessible attic, well-insulated with spray foam for enhanced energy performance. Upstairs, a full bath with a tub/shower is complemented by a convenient powder room on the main level. Enjoy wood floors gracing most of the rooms, with doors leading to the yard from both the

den and kitchen, enhancing the home's connection to its beautiful outdoor space. The basement includes laundry, workshop area, and ample storage space. Parking is a breeze with easy street access. Situated less than five minutes from Ossining's beautifully renovated public library, various grocery stores, pharmacies, gyms, downtown shops, and the Metro-North station, this home offers a rare mix of privacy, character, and accessibility.
