5 Bedroom, 5.00 Bathroom, 2,942 sqft

Residential on 1.37 Acres

N/A, Fishkill, NY

This house can save you money! You'll never have to plan a summer vacation again as you and the entire family enjoy your own Mountain Pond salt water heated in-ground pool. With 5 bedrooms and 5 full bathrooms (1 on the 1st floor) there's never a chance of kids fighting over bathroom time or space. There's even room for expansion if needed as the walkout basement has 6 foot double wide walkout door, plenty of windows and 9' ceiling. there's even a rough-in for an additional bathroom already in place.

The home itself sits on at the very end of a cul-de-sac on almost 2 private acres just minutes from Route 9, TSP and even I84 while maintaining its own private setting. This list of extras and upgrades is extensive but allow me to touch on just a few. 3 car insulated and heated garage, hardwood floors throughout, 24'x14'shed for storage, Trex decking, Anderson Windows, Emergency Generator hook-up, 30 recessed lights, Natural gas, Town water and sewer, fenced back yard, wood burning fireplace and so much more. Built with love by one of the most respected builders of that time period and beautifully maintained by thoughtful owners who truly cherished this home. Come take a look! You will not be disappointed.
