Residential on 0.81 Acres

N/A, Newburgh, NY

Situated on just under an acre, this house is like no other, both inside and out. From the moment you pull into the driveway of this unique property, its sprawling panoramic views of the Hudson Valley will take your breath away, as will the well-maintained landscaping. Walk across the paver parking spaces and front sidewalk to enter through the front door into a hallway with an eat-in country kitchen on your right and an updated full bathroom on your left. At the end of the hallway you can enter the dining room or the living room, which are split by a double-sided brick fireplace with its brick chimney climbing high to the top of the vaulted ceilings. Step out onto the deck to better take in the view and survey the property, enter into the recently refinished first floor bedroom or climb the stairs to the balcony that overlooks the living room and dining room, where you can then enter one of the two upstairs bedrooms to get to the second updated full bathroom. Take the stairs down to the basement recreation level which connects to the laundry room or exits to the full-length paver patio underneath the deck.

This unique property is conveniently located just 2.5 miles from the Newburgh/Beacon Bridge and I-84, 5.5 miles from the entrance to the NYS Thruway, and 6 miles from the Beacon Train station.

Come check out this incredible opportunity in the heart of the Hudson Valley!
