Imagine the thrill you get while sailing over the water in a totally quiet and private location. That's what you'll feel when you enter this extraordinary Mid Century Modern house that's positioned directly on a secluded pond surrounded by lush greenery. What makes the experience even more powerful is that the living room and surrounding deck come to a point so you feel like you're on the bow of a ship. Looking for a one-of-a kind home that will "wow" and impress your family and friends? This is it!

The house has a beautifully functional layout: eat-in kitchen, dining room, den, plus a master bedroom suite with a walk-in closet and full bathroom, and two additional bedrooms. The finished basement has an open living space, a smaller room that would make a perfect home office, plus lots of storage space, not to mention a huge 2-car garage. But, honestly, you'll spend most of your time in the living room and deck just soaking up the view from 14 sets of sliding glass doors. Additional Information: ParkingFeatures:2 Car Attached
